Erik Burnham : Ghostbusters International Volume 1 before purchasing it in order to gage whether or not it would be worth my time, and all praised Ghostbusters International Volume 1:

0 of 0 people found the following review helpful. No matter where they go...By Cassandra E. Troini They ain't afraid of no ghost. A great romp around the world for the boys in gray as they track down specters and corral ghosts. All in a day for the main members of Ghostbusters Inc. but something strange is going on behind the scenes with their client and it looks like it's going to be a doozy! 1 of 1 people found the following review helpful. Erik Burnham and team

continuously bring us unique and wonderful chapters to the Ghostbusters canon. This is the first four entries into what is becoming a deep, complex and fantastic story. 0 of 0 people found the following review helpful. Five Stars. Best ghostbusters product since the original movies.

There's something strange in the neighborhood... and whether that neighborhood is in New York City or Venice, Italy, the Ghostbusters will be there! After a bust at the United Nations, the boys in gray are engaged to investigate an Old World haunting, where they begin to unravel a mystery that sends them around the globe (while still trying to keep their contract with the City, County, and State of New York!).
