helpful. Great addition to ghostbusters. By David V. Erik and Dan can do no wrong in the Ghostbusters universe. The characters new and old are well written. The 36 issues they did together are amazing and the new characters should be folded into ghostbusters 3 if that happens.

A Ghostbusters 30th Anniversary celebration that will shake the boys and girls in grey to their core! Gozer the Gozerian, the Destructor, was once drawn to Manhattan, but could not complete his work. That's the good news. The bad news is that he isn't the only god who has taken notice of Earth. Collects issues #13-16.
