Kaja Foglio, Phil Foglio : Girl Genius: The Second Journey of Agatha Heterodyne Volume 2: City of Lightning before purchasing it in order to gauge whether or not it would be worth my time, and all praised Girl Genius: The Second Journey of Agatha Heterodyne Volume 2: City of Lightning:

0 of 0 people found the following review helpful. Another solid link in a lengthy series of works, shows no signs of faltering. By Mark S. Henry There's a bit of violence and a tiny bit of sexual innuendo, but it's reserved to keep the comedy and adventure to the forefront. The Foglios have shown they could work with more 'adult' themes, but they

have the greater goal of writing an incredibly complicated steampunk romance suitable for most ages. Some grown ups will read these to their children, others will read them for themselves. This is far from the place to start the series though, the second volume of the second journey. If you haven't read the earlier 14 books, they make much more sense in order. 0 of 0 people found the following review helpful. A Great Addition in the Second Series of the Girl Genius Universe By Donald Firesmith A continuation of the Girl Genius graphic novels with new adventures, characters, and challenges. The artwork and dialog continues to improve. 0 of 0 people found the following review helpful. And fun. Very fun By Adrian E. Fields The Foglios continue to be astoundingly creative. And fun. Very fun. :)

Adventure, Romance, Mad Science! Agatha is the last of the Heterodynes, a notorious family of Mad Scientists that everyone had thought safely wiped out. When a rival scientist traps her family castle and the surrounding town in a time-freeze, Agatha must embark on a journey to find a way to reverse the effect and save the people she loves. Available in Softcover and Hardcover editions.
