Joe Keatinge : Glory Volume 2: War Torn TP before purchasing it in order to gage whether or not it would be worth my time, and all praised Glory Volume 2: War Torn TP:

3 of 3 people found the following review helpful. Gonna Miss GloryBy C. LawrenceIf you've read the first volume, then you know how great Glory is. Keatinge and Campbell's run on Glory ends here in a great climatic finale. I enjoyed it immensely even though the first volume felt very different from this one. The first seemed to have a slow build up of preparing for Glory's war with Silverfall while this one deals with the aftermath of that battle (won't go into

too much detail to avoid spoilers) and ends with a crescendo when Glory and co. deal with a new and even bigger threat. The other big difference between this volume and the last is an addition of a lot of talented extra artists onboard. Some for various shorts and covers, but it was fun to see great artists like Kris Anka, Ricken, Sloane Leong, Emi Lennox and others throw something into the Glory universe. Also Owen Gieni and Charles Solis seem to be handling most of the coloring duties which had a dramatic shift in the feel of the series as well. Not in a bad way, but just different. The last volumes colors were more muted and more of how Campbell colors himself but this one had a more painterly/textured feel to it. Which wasn't a bad thing, just took a bit to get used to. But before I ramble on anymore, Glory vol 2 was a great end to the series, and if you read the first one you owe it to yourself and the awesome creators to check this one out too! 0 of 0 people found the following review helpful. great By b ball jenkins A lot better than Mike Deodato Jr's original run on this book. 1 of 2 people found the following review helpful. damn good By cmiller this aint your average superhero comic, I found myself going "WTF" a couple times, but in a good way! book was in great condition too, however the box it came in was a bit too big and looked like it had one helluva journey. other than that I give it 9.5/10

Glory reaches its shocking conclusion! Featuring the introduction of Glory's ultra-violence prone sister, Nanaja, the truth behind their parents' hidden alliance, and a very special guest appearance by Ernest Hemingway!
