Shaskey Jr. It's pretty zany but it's also hilarious and it's a bit odd but it has charm. I stumbled upon the new version of the monthly image comic and loved it and wanted to get caught up on the backstory. Met Ryan at a Halloween Comic Event and he was awesome as well. If you like odd comics, subtle pop culture references "Gnarled Winslow" for instance and want to know more about Tiger Eating a Cheeseburger and family, please read! 0 of 0 people found the following review helpful. I have all three volumes. 0 of 0 people found the following review helpful. Learn about all those weird characters! By Cheese Wheelder I read the second volume first, this one is mostly backstory, so if you're into that then I'd buy it.

God Hates Astronauts follows the story of a group of incompetent, small-minded, super powered narcissists called "The Power Persons Five" who are hired by NASA to stop all farmers from launching themselves into space in homemade rocket ships. Unfortunately for NASA, this goal is scarcely even addressed and the book focuses more on extramarital affairs, bank-robbing owls, big gross swollen heads, ghost cow heads, olde tyme boxers, tigers eating cheeseburgers in the Crab Nebula, buffalo judges, and tons of aggressive swearing. Not so much a superhero book as it is a parody of basically everything and a celebration of weird that is jam-packed with references to RoboCop and Die Hard.
