Bosargelf your're a fan of the Godzilla foe, Biollante, you need to buy this book !!!! The story is set in a post-apocalyptic Japan, where the surviving humans live in fear of the kaiju returning one day, to destroy them ! Hiroshi, an elder psychic, even prays to Godzilla: asking him to never return. However,one day Hiroshi's grandson goes on a

scouting mission to find items that their camp could find use for. Both the grandson and his girlfriend are attacked by a swarm of KAMACURAS !!! The Kamacuras swarm is soon repelled by the plant monster, BIOLLANTE ! But, before the two can celebrate their survival, GODZILLA shows up and engages in an awesome battle with BIOLLANTE. Godzilla destroys Biollante, but the girlfriend manages to save a fragment of the creature to take back with her to camp. At camp, the fragment grows into a beautiful rose that attracts the attention of Hiroshi. Meanwhile, the other village elders decide that the only way to keep the kaiju away from their camp is to sacrifice their young ones again. Hiroshi protests against this, and both he, his grandson and his grandson's girlfriend decide they should move the Biollante rose away from the camp, before more giant monsters arrive, to try to destroy it. A big swarm of MEGAGUIRUS arrives on the scene to attack the camp, but MOTHRA immediately shows up to stop any harm from coming to the humans. Godzilla then appears by the camp, and he engages in an awesome battle with Mothra. But, before I give too much else away, I think you should know that this story really nails it ! And Toho would be wise to turn this one and GODZILLA: GANGSTERS AND GOLIATHS into feature films. The artwork is superb. The story is easy to follow. And, if you like Biollante, you'll enjoy this one. 0 of 0 people found the following review helpful. Great and deep story like classic Godzilla By antonio This is a cool take on Godzilla the story is not long but it's deep like the movies and has a very cool classic Godzilla story feel that is it's about consequences of the actions of man but also breaths hope into world of disparity. I would recommend it to any big time Godzilla fans and to newcomers looking for a deep thoughtful look at our existence 0 of 0 people found the following review helpful. Five Stars By Customer One of the best spinoffs from IDW, the story and artwork are both fantastic.

Years have passed since the monster apocalypse nearly destroyed mankind. Now it is merely a distant, nightmarish memory for Hiroshi, an elder in one of the few remaining tribes of humans. Little does Hiroshi know that the apocalypse is not over, and that his memories of the past may yet save the future!
