John Layman : Godzilla: Gangsters and Goliaths before purchasing it in order to gage whether or not it would be worth my time, and all praised Godzilla: Gangsters and Goliaths:

8 of 8 people found the following review helpful. Best Godzilla Comic EverBy Gus in New MexicoFirst off, I've read most all of the past Godzilla comics including the Dark Horse stuff and even some of the goofy but very fun Marvels. Second, I think IDW's Kingdom of Monsters run was pretty terrible. And third, Godzilla: Gangsters and Goliaths is in

a class all by itself! To do a Godzilla story well one must have a good human storyline and a good monster storyline, and in this the author excels. The idea of a hard boiled Tokyo cop kidnapping Mothra's fairies to wage war on a Yakuza is fantastic! And it doesn't end there, as much as I'd love to spoil the twists and turns that take place in parts 4 and 5, all I'll say is I was very happy with how the story played out. The high concept storyline reminded me of G-Fan's better fanfiction by the likes of Skip Peel and Neil Riebe. So if you like intelligently told monster stories, this one is worth the read. 1 of 1 people found the following review helpful. Monsters, maniacs, and vengeance oh my! By Customer An amazing mini-series collection featuring the right amount of monster action and human-character development. However given that the focus monster-wise is really on Mothra as opposed to Godzilla, it really should have been called Mothra: Gangsters Goliaths. 1 of 1 people found the following review helpful. It is nice By Christian Rosario The only main problems about this comic is that it is so dialed down with Godzilla that it ends up having a little less fun than it should have had. Though characters are a little bland, their chemistry works well. I like the story with the character Sato that I actually was happy about the ending. Awesome ending, great story, and great characters.

Detective Makoto Sato is on a quest to bring down the Takahashi crime syndicate. Sato's efforts earn him a one-way trip to a tropical getaway, courtesy of the Tokyo criminal underworld. The exotic locale? MONSTER ISLAND! Alone and facing death at the hands of both gangsters and goliaths, Sato must use his wits to survive and enlist the aid of some most unusual friends. Join superstar creators John Layman (Chew) and Alberto Ponticelli (Unknown Soldier) for this unusual and exciting mini-series of monster mayhem!
