An excellent story taking place in one man's lifetime as he ...By CustomerAn excellent story taking place in one man's lifetime as he attempts to bring down the King of Monsters. The artwork is fantastic, the settings of each individual arc are something to behold, the character's are likable, and the monsters look absolutely astounding.0 of 0 people found the following review helpful. If you like Werner Herzog

documentaries and Godzilla By Trevor "Godzilla as a force of nature" is a tried and true take on the character. This familiar theme is put against a backdrop of a soldier throughout 50 years of wars. Flailing against the inevitable, man's will to conquer, etc. etc. If you like Werner Herzog documentaries and Godzilla, you'll like the message here. Interesting artwork. Seemed a bit static, with too much emphasis on motion lines added after the fact. 0 of 0 people found the following review helpful. A Skreeonking Good Time By C. Thorngren Possibly the greatest Godzilla story, printed or filmed. We all love the monster action, but the films aren't really known for their story-lines. This book has humans that move the plot without slowing it down and more than enough action to keep you thrilled. It's begging to be turned into a motion picture. I've liked all the IDW Godzilla books, but this has to be at the top. The fact it takes place over 50 years as the same soldier encounters the Big G really puts perspective on the physical and emotional damage Kaijus would cause.

Introducing a new and exciting look at Godzilla's reign of destruction, courtesy of Orc Stain creator James Stokoe! The year is 1954 and Lieutenant Ota Murakami is on hand when Godzilla makes first landfall in Japan. Along with his pal Kentaro, Ota makes a desperate gamble to save lives... and in the process begins an obsession with the King of the Monsters that lasts fifty years!
