It is okayBy Christian RosarioThe only really good things in this book is the action and monster fights. The characters are poorly executed. I found the girl and soldier's story okay ,the president played no relevance to the story other than just sit around and do nothing,but give orders to people.

Godzilla and ghidorah were used a bit more but it still is kinda a bore. Lots of action, so little fun. 0 of 0 people found the following review helpful. keeps him reading which is a good thing. nice books overall
