For a die-hard Star Wars fan, such as my toddler, this is great because of the artwork and recognizable characters. "Good Night Darth Vader" flows nicely and my son can follow along. However, "Darth Vader and Friends" is written in a format that is hard to follow. It reads almost like poetry or a comic book - it's not an actual story, mostly scenes. My kid doesn't really get the jokes and my husband gets frustrated by the fact that the book does not flow well - especially while reading out loud to a small child. Sometimes my husband and I omit sentences or make things up so that the story flows better. Instead of purchasing the boxed set for little ones, purchase "Good Night

Darth Vader" separately.0 of 0 people found the following review helpful. Pretty cute. Nice sleeve.By BrianneShipped this with a heavy item and it was packaged in a way in which it was damaged just a little. Not a super big problem. I love these books. They're pretty cute. The art is nice. Love the prints that come with this set and the sleeve.0 of 0 people found the following review helpful. Five StarsBy sd fanMy daughter loves reading these books before bed.
