I really enjoy any type of manga/anime, so I gave this a try. it is intended towards guys but girls don't be discouraged, it's really funny I don't mind the content inside. Finally one where the boy protagonist isnt a pervert! xD Fast shipping, came in great condition. will read the second one to find out what

happens. great manga!³ of 3 people found the following review helpful. For the perverted at heartBy Alejandra GutierrezI totally loved this title! I honestly didn't expect to like this manga but right away within the first few pages, it had me hooked. First of all i find it to be pretty funny with the outrageous things the female character Sora does and says. I was very much delighted with the humor and nicely drawn characters. I would highly recommend this to people who like mangas like Monster Musume Omamori Himari. I love my ecchi titles and this one is definitely starting out strong. Storyline wise, i cant wait for the next volume to come out!⁰ of ⁰ people found the following review helpful. An otaku who loves the 2D world wishes he could meet his favorite character, and she just pops out of the book one day. Okay, typical fantasy. Sounds like it could be worth a laugh or two, but nothing unexpected. Well...I know when to admit when I was wrong. It says that Sora isn't quite what he expected her to be, but that was a real understatement. She makes sexual jokes an innuendos that are extreme, obscene, and sometimes cringe-worthy. She make you look on in shock and awe as you wonder to yourself "WHY WOULD YOU DO THAT?" She invades personal space like it's her job. And Sora isn't the only one with with her mind in the gutter. Pretty much every character in this manga falls into one of two categories. Those who make frequent and exuberant sexual innuendos without shame or guilt, and those who fall victim to said innuendos.It sounds simplistic when you put it like that, but the series truly is hilarious. The influence of Sora no Otoshimono, Heaven's Lost Property, is also very obvious. If you love that series, then there is a good chance you will love this as well. I definitely recommend this series.

Sora Nagihara, the girl of Shouta Yamakawa's dreams, is sweet, demure, and downright cute. The only problem is that she's two-dimensional...literally. But when Sora miraculously comes to life from the pages of Shouta's manga, he can't believe his luck. That is, until he realizes that "sweet" and "demure" are the last words anyone would pick to describe this brazen, brutal babe!
