**Mike Grell : Green Arrow Vol. 1: Hunters Moon** before purchasing it in order to gage whether or not it would be worth my time, and all praised Green Arrow Vol. 1: Hunters Moon:

9 of 9 people found the following review helpful. 1988 Green Arrow's fresh start By Carlos This is the new (for 1988) Green Arrow series following where the previous limited series (Longbow Hunters) finished. Mike Grell wrote it for 80 issues with several high quality artists as Ed Hannigan, Dan Jurgens, Rick Hoberg, and Denys Cowan. This was the best time for Green Arrow ever. 2 of 2 people found the following review helpful. A Great, Dark Green Arrow By Erik

GevingI love this series of the Green Arrow. I'm biased, however, because I grew up in Seattle and have lived here all of my life so it is fun to see a comic hero living in Seattle and going to places in the city that I have also been to. As far as the story goes, it is nothing ground breaking, but if you like darker plots it is definitely for you. Some mature subject matter that might not be suitable for a younger audience. I love it though and find it to be more realistic. I love the Green Arrow's struggle with growing old in this series and seeing him deal with his humanity. Definitely worth picking up for fans of the Green Arrow.5 of 5 people found the following review helpful. A ClassicBy Ray FeigheryBeen waiting for two decades for these to be collected and they FINALLY are! This, to me, is the quintessential story line for Green Arrow. Placing him in Seattle (The Emerald City) was genius and his run as an Urban Hunter was a masterful turn. This ran for 80 issues so there are certainly many more volumes to come...would love a HC Omnibus when complete!

In these cult favorite stories from the 1980s, Green Arrow hunts down a child killer, races to find a lost biological weapon before Chinese spies can find it, and tackles a rash of violence against gays. These stories, written by Mike Grell, repositioned Green Arrow as an inner city crusader for justice who deals not only with super-villains but also with street level crime. Collects the 1988 GREEN ARROW #1-6.

About the AuthorArtist Michael Jon Grell quickly made a name for himself in comics by tackling one of its most difficult assignments the seemingly infinite universe of the Legion of Super-Heroes. From there, Grell joined Dennis ONeil for a well-received Green Lantern and Green Arrow revival and might have become a regular contributor to the Batman office if his creation WARLORD had not taken off to become DCs most successful fantasy title ever. Grell (whose other works of note include Jon Sable, Freelance, Starslayer and GREEN ARROW) still writes the occasional Batman tale.
