Peter J. Tomasi : Green Lantern Corps: Sins of the Star Sapphire before purchasing it in order to gage whether or not it would be worth my time, and all praised Green Lantern Corps: Sins of the Star Sapphire:

0 of 0 people found the following review helpful. Five Stars By Luca Brasi Great. Life would go on if you skipped 2 of

With the unveiling of the emotional spectrum I was immediately engaged and interested in what was going on. It turned some of the lamer weaknesses into viable deficiencies in the weapon, directly related to the wielders mental state. With that said, this outing is OK regarding the story's development. I really only grabbed this title out of interest for the development of the spectrum and how the Star Sapphires would be incorporated into it. It's an entertaining story but it's nothing special. Rage of the Red Lanterns and Agent Orange or vastly superior works. 0 of 0 people found the following review helpful. Indeed a prelude to Blackest NightBy Xavier Zavala HerasFirst things first: I was INCREDIBLY impressed with Rodolfo Migliari's art on the covers for GL Corps 27, 28 and 29. This guy has an Alex Ross kind of quality that makes me wonder why I haven't seen this guy's art before. The first chapters (Eye of the Beholder) were very entertaining. Kyle and Guy open a new bar on OA. The relationship between Ice and Guy is also an important part of these chapters. We also get to know Lantern Saarek, which I believe is going to be very important in the future. The next chapters, that indeed are Sins of the Star Sapphire, bring new revelations and changes in the Book of Oa that'll make great impact on the corps. You also begin to question The Guardians. Something's wrong there. The book ends up with a promise of hard action for the next volume. I simply can't wait!. For \$10 you should own it.

Hal Jordan may be Earth's best-known Green Lantern, but he's not alone. He is just one of the Green Lantern Corps, an intergalactic police force, each of whom protects his or her space secret from evil with the aid of a power ring capable of anything its wearer can imagine. In this new GREEN LANTERN CORPS volume, the powerful and beautiful Zamorans, led by their queen, Star Sapphire, have a new mission: to "cure" the evil Sinestro Corps by forcibly infusing them with love.
