I liked what the plot was about and it was cool to see many green lanterns from around the universe. The book is full of action and serious moments. 0 of 0 people found the following review helpful. Green lantern corps is GREAT, the artwork the writing...By Justin Layden If you like Green

Lantern, than this book is a must have. GLC is real cool, lots of superhero's and lots of supervillians. Plus, instead of one GL or two, this GN has almost the whole core in each book. If your a big GL fan, BUY THIS BOOK.0 of 0 people found the following review helpful. Highly Recommended!!!By JQ16I have to say that I am enjoying these Lantern comics. This story was solid and it was overall a very well written book. I loved this book and cant wait to read the next one.

A #1 New York Times Bestseller!As part of the DC New 52 event, the Green Lantern Corps return, led by fan favorite Lanterns Guy Gardner and John Stewart. When a new menace, The Keepers, begins to march across the space sectors and devouring not only their natural resources but their entire populations, it is up to The Corps, severely outnumbered, to stop them. The Corps soon find one of their own held by the ruthless Keepers and must figure out a way to save their comrade and defeat the Keepers without the Green Lantern's most powerful weapon, their power rings.

"Tomasi writes some of the most humanistic moments out of any of the new DC rebooted titles. Within a scant 22 pages, you feel who Stewart and Gardner are as men instead of just the required reboot knowledge to hook you into issue 2. There's not an ounce of this book that feels rushed or like I didn't get my money's worth."Ain't It Cool News"A great visual style with many different elements, yet they all work together to create a nuanced universe of seemingly infinite possibilities."IGN "It's classic GLC stuff, with exotic alien species, a diverse team of human and extraterrestrial Lanterns...it's a time-tested formula I'm glad remains in use."iFanboy "Much like Tomasi, Fernando Pasarin's got a great handle on these characters, making this book a strong contender in the New 52."Comic Book Resources"Peter J. Tomasi will make you care about the Green Lantern Corps."Comic Book ResourcesAbout the AuthorA former DC Comics editor for 15 years, Peter J.
