I splurged and bought the first edition print have both volumes. If you own this one the first is a must. They are all so getting pricey, Artwork and writing are very well done for the Era. These books where not put together in this format until the early nineties. If your a fan of either one of the

Super Hero, I prefer Green Arrow, this is a must have set. Both work well together. No spoilers, other than they deal a good bit with the issues of that period. 2 of 2 people found the following review helpful. Ground Breaking Team By thirtdwin They're green color co-ordinated and you love them. This volume collects GREEN LANTERN from the early 1970s, featuring classic team-ups written by Dennis O'Neil with art by Neal Adams! In these stories, Green Lantern Hal Jordan continued his usual cosmic-spanning adventures, as he used his amazing Power Ring to police Sector 2814 against universe-threatening menaces. Meanwhile, on Earth, Oliver Queen, the archer known as Green Arrow, was confronting menaces of a different kind: racism, poverty, drugs, and other social ills! Don't miss these immortal comics that first brought relevance to comics!
