Robert Venditti : Green Lantern Vol. 4: Dark Days (The New 52) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Green Lantern Vol. 4: Dark Days (The New 52):

7 of 8 people found the following review helpful. Minor Spoiler! This Sucks! By SethOh, Robert. Just had to kill the great feel and legacy of Geoff Johns' (may they hear his name and tremble ugh ugh) run already. Although the first story, with all its unnecessary crossover glory, felt like it had potential, Hal turns from the greatest green lantern of all time to the greatest green hypocrite of all time. Oh, and pointing out his hypocrisy in the comic itself doesn't make it

any better. And now mogo is apparently a free-moving soldier who will do whatever he's told, even if that means coming within a planet's gravity field to destroy the entire civilization to capture one stupid star-sapphire. Once again, pointing out the ridiculousness of this in the comic DOESN'T MAKE IT ANY BETTER! Of you want my advice, star reading Geoff Johns' runs with the new Omnibuses coming out.0 of 0 people found the following review helpful. Five StarsBy JCUson likes this series.1 of 2 people found the following review helpful. It's okayBy Souske AizenI'm not quite sure how I feel about this book and it's pacing. I believe it's executed well and whatnot but I feel as if the author is trying way to hard in making a big entrance to the series....let me explain..(SPOILERS) the power battery gets sucked dry,the entities of the lanterns die, and the planet OA gets destroyed. Perhaps one could have been avoided but that's just my opinion

Just as Hal Jordan, John Stewart and Guy Gardner are putting back together the Green Lantern Corps, lights across all of the different colored Corps begin to flicker. Lanterns from all over the universe begin to lose power, but unlike times' past, the reasons for the outage don't seem to be in-fighting between one another. Allying with enemies and friends alike, Hal links the answers to the mysterious alien Relic and their confrontations will leave all the corps forever changed. GREEN LANTERN VOL. 4 begins a brand new era for the entire emotional spectrum, from writer Robert Venditti (X-O Manowar) and artist Billy Tan (New Avengers).This volume collects GREEN LANTERN #21-26, #23.1: Relic, GREEN LANTERN ANNUAL #2.

" A must-read for any Green Lantern fan."IGN"The new Green Lantern team is exactly what this universe needed. Exciting, refreshing, and amazingly fun to read."Craveonline Venditti has ensured that his own name will become an important part of [Green Lantern] history."NewsaramaAbout the AuthorRobert Venditti is the New York Times best-selling author of The Homeland Directive and the sci-fi graphic novel series The Surrogates, the first installment of which was adapted into a feature film starring Bruce Willis and Ving Rhames. His most recent projects are GREEN LANTERN, GREEN LANTERN CORPS, DEMON KNIGHTS and Valiant's X-O Manowar.
