Geoff Johns : Green Lantern: Wanted - Hal Jordan before purchasing it in order to gauge whether or not it would be worth my time, and all praised Green Lantern: Wanted - Hal Jordan:

1 of 1 people found the following review helpful. modern green lantern By Adam F Interesting storyline. I enjoyed the fact it stayed close to the plot and didn't deviate to any side stories or plots too much. Good introduction to the modern Green Lantern. 2 of 2 people found the following review helpful. Sinestro Corps wants you! By Xavier Zavala Heras Pretty cool story in which Hal Jordan is framed for murder on international borders. The world is seeing him as

a menace. On top of that someone has put a price on his head. Whom?. You'll find out here. In that same arc we can see Sinestro Corps recruiting. Check out the interesting choices they made. Priceless!!!. There's a second arc in which the power of the Star Sapphire and a little bit of the Guardians past is seen. Very informative!. This not only helps the Sinestro Corps arc but maybe even Blackest Night. For the price I paid, this is easy 4 stars. Good content, great fun and reasonable price. 0 of 0 people found the following review helpful. Great way to fill-in your Geoff Johns/GL collection! By Greg Moench Really a great read for GL fans. Leads into the Sinestro Corps War quite nicely... Geoff Johns is definitely my favorite superhero author! Any GL fans or Geoff Johns should pick this up as the last volume between "Rebirth" and the Sinestro Corps War (volume 1 "Nor Fear" and volume 2 "Revenge of the Green Lantern" should fill it in). From there, you'll definitely want to finish Johns' run on GL through the Blackest Night and the Rise of the Third Army". Not quite as epic as the War of Light and the Blackest Night, but it does really help to re-establish Hal Jordan as Green Lantern, and Johns' storytelling is second-to-none!

Hal Jordan has been framed for murder in this new trade paperback collecting GREEN LANTERN #14-20! Now, Hal is on the run from a legion of intergalactic bounty hunters and the new Global Guardians. Can he clear his name and discover who put a price on his head?

"This is comic book storytelling at its absolute finest"
