**Matt Wagner : Grendel Omnibus Volume 3: Orion's Reign** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Grendel Omnibus Volume 3: Orion's Reign:

0 of 0 people found the following review helpful. Good, but not as good as prior incarnations. By C. D. Varn While it is in many ways more interesting in second half of Grendel legacy, the consequences of legacy still play out over time. The tie between Grendel-Kahn and the Christine Spar line (and also the Hunter Rose comics) travels through both Lt. Wiggin's decline and the return of the vampire previously known as a Kabuki dancer, who has now become Pope. "God and the Devil" tells this story and is the more interesting of the two involving Assante. However, by the time we

get to Reign of The Devil, we get a comic book told almost entirely through exposition. While this worked in smaller scale stories around Hunter Rose, it reads like an interesting but under-written science fiction story. While the flashes of the vampire culture are interesting, most of this reads like a way to bridge "God and the Devil" to the Grendel Prime tales. 0 of 0 people found the following review helpful. Four Stars By PaigeGreat to complete the collection. 0 of 0 people found the following review helpful. Vivat Grendel! By NEW GAME+ I love the Grendel series, so it's pretty hard for me to stay objective. This collection puts together one of the most unique story lines I've ever read in a comic, very mature, but not just because of sex/violence.

No longer content to inhabit one host at a time, the Grendel entity goes viral, in a new phase of Wagner's epic spanning centuries and culminating with the rise of a new kind of host the Grendel-Khan! This volume collects the never-before-reprinted "Incubation Years" tales from Grendel #20#22 and the mammoth God and the Devil and Devil's Reign story lines, featuring art by Tim Sale and John K. Snyder and collected in order for the first time! \* Futuristic tales by artists Tim Sale, John K. Snyder, and more! \* Over 500 pages!
