Robbie Thompson : Silk Vol. 1: Sinister before purchasing it in order to gage whether or not it would be worth my time, and all praised Silk Vol. 1: Sinister:

5 of 5 people found the following review helpful. Love this character! Can't wait to see more of her!By Kindle CustomerThis one picks up a little after Vol 0 left off. It helps to know what happened in the last volume, but it would not distract from the story to come in here. All the necessary backstory is right in the volume. I love that this story continues to showcase more Marvel women. There are appearances by Black Cat, Mockingbird, and Spider-Woman. I

wasn't a big comic reader as a child, and even those that I did read were never Spider-Man, so I wasn't familiar with any of these characters. I enjoyed getting to know them. It's a great story, different from the typical I-have-powers-and-must-beat-things-with-my-fists-now story. Silk is a great superhero, definitely a recommendation to anyone into who is into superheroes, and especially those who enjoy diverse ones! 10 of 0 people found the following review helpful. Great second volume. BUY VOLUME 0 FIRST! By HomeboyPlaysGreat second volume! I like that they focus on both Cindy and Silk and make their lives intertwine well w/o one overpowering the other. You'd definitely have to read vol 0 to have any semblance of what's going on. Another good part is that this isn't related to civil war 2, so unlike many other spider people, you can enjoy this w/o hearing about tony or carol all the time. This is the way a solo comic is to be done. This is Cindy's story and even the great Peter Parker doesn't steal her shine. The actual storytelling is well done too, as the fight between keeping both her cover, and crime under control is always keeping the reader alert. The art is decent. Not "oh my god, I refuse to look at this" but not "I wish I could see the hands that drew this". There are few places where I was like, "Ok, that needs to be redone." 0 of 0 people found the following review helpful. Only bought it for the Black Cat storyline. By Michael B. I read this group of compiled issues because of the stories concerning the character Black Cat as she is a favorite of mine in comics. The art work wasn't all that great but the story was fair.

Silk is back and badder than ever! Cindy Moon - the other victim of the radioactive spider that bit Peter Parker - has been working to find the missing members of her family since she escaped the bunker that was her home for so many years. But Silk's quest has taken her down a darker path than expected, and now she's in cahoots with the most ferocious feline in the Marvel Universe: the Black Cat! But not everyone in the Cat's criminal crew is happy about the arrangement. Nor is a certain friendly neighborhood CEO of Parker Industries, and that will take Cindy into battle with Spider-Man and the Goblin King! What could have led her to this? And will she go so far that there is no redeeming the Sinister Silk? COLLECTING: Silk 1-6, Amazing Spider-Man 1 (Silk story)
