Ron Marz, Susan Kennedy : Silver Surfer Epic Collection: The Infinity Gauntlet before purchasing it in order to gauge whether or not it would be worth my time, and all praised Silver Surfer Epic Collection: The Infinity Gauntlet:

The silver is tarnished. By Tim I picked up this Kindle collection as I wanted to read more about the Silver Surfer and the Infinity Gauntlet. Less than impressed - I thought the writing was sub-par and the artwork was pretty terrible (several artists involved). Spoiler alert - for a

book called the "Epic Collection: The Infinity Gauntlet" they should have included the comic where Thanos LOST the Infinity Gauntlet! It was kind of ridiculous to move from one comic to the next, and suddenly Thanos is sans gauntlet... They should have taken out the 'solo Nova' stories that had nothing to do with the Infinity Gauntlet. Hindsight being 20/20 I wish I had picked up Silver Surfer Epic Collection: Freedom (Silver Surfer (1987-1998)) with artwork by John Byrne. I've always loved his artwork.** Per the comments below it looks like I didn't do enough research before buying a collection to learn about the Infinity Gauntlet. I've changed my rating. I should have realized this collection was only including the Silver surfer's arc, not the entire Gauntlet saga. See Vindsville's comment for a better compilation.
