Jim Starlin : Silver Surfer: Rebirth of Thanos (Silver Surfer (Paperback)) before purchasing it in order to gage whether or not it would be worth my time, and all praised Silver Surfer: Rebirth of Thanos (Silver Surfer (Paperback)):

0 of 0 people found the following review helpful. A cosmic quest that's at it's bestBy Kindle CustomerJim Starlin is without a doubt the master of the cosmic epic. Case in point is one of my all-time favorite comic books, Marvel Two-In-One Annual #2, starring The Thing and Spider-Man. It features the conclusion of a story began in Avengers Annual #9 (also by Starlin). The Avengers have been captured by the evil Thanos (a super powerful demi-god), who plans to

blow up our sun as a tribute to Death. In short order, Spider-Man and the Thing free the Avengers and a huge battle ensues between the heroes and Thanos and his many minions. In the midst of the chaos, Spider-Man manages to revive Adam Warlock (who was slain by Thanos in Avengers Annual #9). Warlock then takes his revenge on Thanos by turning him to stone. End of Thanos? Not exactly. Jump ahead a few years and Jim Starlin is penning the adventures of the Silver Surfer. He decides to bring back one of his greatest creations - Thanos! (Wise decision). This trade paperback features the complete story of the "Rebirth of Thanos", from Silver Surfer #34-38 and the excellent two-issue miniseries "Thanos Quest". As an added bonus it also includes a rare Thanos short story from the comic "Logan's Run #6" (huh???) Anyway, this is an excellent book with stellar writing by Starlin and crisp, dynamic art from Ron Lim. The gist of the story is that Death returns Thanos to the land of the living so that he can balance the scales of life and death by killing half the sentient beings (people, animals, etc.) in the universe. The Silver Surfer learns of Thanos' plot and tries to stop him. The two battle and Thanos tricks the Surfer into thinking that he's killed him. This buys Thanos the time he needs to collect the Infinity Gems (formerly called the Soul Gems). Once he has all of the Infinity Gems in his possession, Thanos gains the unlimited power of a God. This is all a prelude to the massive Marvel crossover, "The Infinity Gauntlet". (Also collected in trade paperback). But that's a review for another day. To sum up, if you like awesomeness, you'll like this. It's a great story with great art from the days when Marvel comics weren't so concerned with the "real" world, and were still fun to read. 0 of 0 people found the following review helpful. Wow!! Amazing!! By Luis Perez This has opened my eyes to the true power Thanos has now to read the next comic I can't to see how this ends! 1 of 1 people found the following review helpful. Best Thanos story! By Thanos My favorite story of Thanos over all these years. His confrontations with the Elder of the Universe is amazing and the artwork is so beautiful. I have this book and the comics and its beautiful. More importantly the Thanos Quest is the real superstar here. An amazing two piece epic of how Thanos became who he is today.

The quest that led to Infinity Gauntlet begins here! Back from the dead, Thanos is after the power to bring the rest of the universe with him on a return trip! Can the Silver Surfer, Drax the Destroyer and others stop the cosmic iconoclast before he uses reality as a token of his affection for Death? Special guest-appearance by the Impossible Man! COLLECTING: Silver Surfer (1987) #34-38, Thanos Quest #1-2 and material from Logan's Run #6.
