This author really knows cats and their quirky personalities. Really laughed out loud at some of the cat's antics because I could see my cat doing same thing. Reminded me of the plaque I have that says: Dogs have masters, Cats have staff. The art work is delightful, catching the cat's personality perfectly. Loved the interactions between human and cat! 5 of 5 people found the following review helpful. OMG Simon Tofield signed my book! By Mosin Nagant If you looking at this book you probably know about Simons cat. That being said imagine my elation when I open my hard cover book to see the author and creative genius Simon Tofields signature on the front page. The hubbs got this as a birthday gift for me and he claims he did know or special order a signed copy. I have to write him at once and thank him for signing my book. Do not hesitate. Buy this book. IDK if your copy will come signed like mine but it is sooooo delightful anyways. I recommend this book for all ages. Enjoy. 0 of 0 people found the following review helpful. so cute, lot's of details. Each page has ... By JenAmazeso cute, lot's of details.
