More than a calendar By All Around Geek The Simpsons (and Futurama) calendars always go the distance to give us more than a calendar and this year's is no exception. Funny and informative information through out the month as well as great Simpsons images. 1 of 1 people found the following

review helpful. Ned Flanders: Your wide behind won't save you this time. By JGCI have this calendar hung up inside one of my kitchen pantries and looking at it always brings a smile to my face. It's small and colorful and cute. If you had "The Simpsons" '09 mini calendar please know that the '10 is very similar. The main difference is that the '10 does not include the show titles that the pictures are from. My favorite picture is actually not from a month but the double sided picture (almost like a mini poster) in the centerfold. It includes a picture of Homer in heaven in the top half and Ned Flanders down below in the bottom half. I recommend this calendar to anyone that enjoys "The Simpsons" or just good family-friendly comedy. 0 of 0 people found the following review helpful. The Simpsons Fun Calendar By I. Ray This wonderful calendar is hanging on our wall and it is exactly what we wanted. We collect some of the Simpson's Memorabilia and this is another item we can enjoy. This seller sent it in a timely manner, Thank you

It's a unanimous decision! These pulse-pounding stories and more featuring Matt Groening's beloved first family of fun, the Simpsons, will have you rolling with the punchlines! Go the distance with the Simpson family as they join everybody's favorite moonraking megalomaniac, Hank Scorpio, for a globetrotting adventure that will not only take you around the world but into orbit around the Earth. And when the lovelorn losers of Springfield feel like throwing in the towel on romance, they pick themselves up off the mat and get an adrenaline rush by living life to the extreme! And as if Homer wasn't already a glutton for punishment, watch him discover his killer instinct as he goes toe to toe with C. Montgomery Burns!

About the Author Matt Groening, the creator and executive producer of the Emmy Award-winning series The Simpsons, as well as creator of the cartoon strip "Life in Hell" and the animated FOX television series Futurama, is the man responsible for bringing animation back to primetime and creating an immortal nuclear family.
