Cullen Bunn : Sinestro Vol. 1: The Demon Within before purchasing it in order to gage whether or not it would be worth my time, and all praised Sinestro Vol. 1: The Demon Within:

7 of 7 people found the following review helpful. The Best Series Of Sinestro Stories I have Read Yet...Unbelievably Good and Worth The Wait!By Dr.M.LawickiSinestro is back and seeking redemption---or is he? Sinestro returns from

his self-imposed exile, lured back into the fold by the tantalizingly sexy Lyssa Drak with news that isolated groups of Korrugarians somehow survived the destruction of his home planet. ***Spoiler Alert***A reinvigorated Sinestro forcibly wrests control of the Yellow Lanterns from its current steward (the formidable Arkillo) and immediately sets out to rescue and rehabilitate as many of his former planetary inhabitants as possible. The stage is set for our favorite antihero to begin his long process of redemption, but as is often the case with Sinestro things never quite turn out the way he intends them to. Nevertheless, Sinestro and his corps of Yellow Lanterns begin the long process of nation building with the Korrugarian survivors on a conveniently habitable planet nearby. Sinestro seems determined to avoid many of the mistakes he made in the past. Unfortunately, old habits die hard, and our tyrannical antihero remains determined to bring about order and justice to his new corner of the universe in his own way. His own people fear him--hate him actually--and rather than attempt to win over their collective hearts and minds Sinestro instead dismisses their protests and resumes his self-appointed role as savior and de-facto ruler of the Korrugarian survivors. Somewhat predictably, Sinestro views his new role as that of a shepherd tending a flock of errant, ungrateful sheep. My favorite bit of dialog in the story came when Sinestro crossed paths with Hal Jordan midway through the series. Neither Sinestro nor Hal Jordan were particularly happy to see one another, and after a few punches were thrown at each other for old times sake, Sinestro reluctantly agreed to listen to Hal Jordan's message. Jordan reported that the Green Lanterns would be keeping an close eye on Sinestro and his corps for reasons that were obvious to all but Sinestro. Jordan also offered Sinestro a few prophetic words of wisdom at the end of their dialog, which Sinestro predictably ignored. How dare Jordan lecture HIM on ethics and the dangers of reckless behavior?! Karma soon enough catches up with the Yellow Lanterns, forcing Sinestro to make hard choices that regrettably lead to pain, profound loss, and sorrow at the end of this new series of adventures. But Sinestro never gives up and will once again attempt to use his might to make things right! The stories within this volume flow together nicely, and are very well written. The art work is astoundingly good--5 stars in a 5 star rating system! One regret I have in this volume is that Sinestro seems incapable of patching up his former friendship with Hal Jordan, but perhaps too much water has passed under the bridge for a rapprochement to happen anytime soon. It would also be great if he could have some form of relationship with his daughter Soranik Natu--but I digress..This was an excellent read and I highly recommend it for any fan of the Green Lantern Universe who believes Sinestro is at heart a well-meaning megalomaniac who is tragically misunderstood.4 of 4 people found the following review helpful. Gonna Get volume 2 on its release day!!!By JQ16Alright, this book I enjoyed BIG TIME! So far Sinestro feels to me like a well thought out villain/hero on par with the Greats! I had a feeling this book was gonna be Great and it was.NO SPOILERS: This book starts off with the Perplexity of characterizing Sinestro as somewhat of an enigma as far as him being hero or villain. He is re finding himself which leads into his adventure. As I have said about a lot of DC New 52 titles lately; it seems like big movie screenplay is taking place here for a lot of the stories. GOOD! Bring it on.This book is darker in nature than would be expected I suppose, along the ranks of the Red Lanterns mostly. Very adult themes in the means of characterization and depth. If you have an incline for liking Sinestro and wish to see a good re launch for him, then I recommend copping this book!0 of 0 people found the following review helpful. If you love Sinestro you'd like it more than I did!By Alex DeRosaI love the spectrum of light int he DC universe. I thought Bunn did a good job here making Sinestro an anti-hero but I couldn't get into the art. I also didn't like the futures end comic or the 23.1. If it wasn't for those add ons this would be a 4/5

Thaal Sinestro has lost everything he's ever loved: his home, his family, his only friend. But no matter how desperate he becomes, Sinestro will never be without fear...a lesson his one-time ally, one-time enemy Lyssa Drak is eager to teach him! Can he take back the despicable Yellow Lantern Corps? Or does the universe have a new destiny in mind for Sinestro?The deadliest villain in the Green Lantern mythos gets his own solo series for the first time in SINESTRO VOL. 1, written by Cullen Bunn (SUPERMAN/BATMAN) and Dale Eaglesham (JUSTICE SOCIETY OF AMERICA). Collects Sinestro #1-5, Sinestro Futures End #1 and GreenLantern #23.4: Sinestro.

About the AuthorCullen grew up in rural North Carolina, but now lives in the St. Louis area with his wife Cindy and his son Jackson. His noir/horror comic (and first collaboration with Brian Hurtt), The Damned, was published in 2007 by Oni Press. The follow-up, The Damned: Prodigal Sons, was released in 2008. In addition to The Sixth Gun, his projects include Crooked Hills, a middle reader horror prose series from Evileye Books; The Tooth, an original graphic novel from Oni Press; and various work for Marvel and DC. Somewhere along the way, Cullen founded Undaunted Press and edited the critically acclaimed small press horror magazine, Whispers from the Shattered Forum.
