These several volumes included in this 3-in-1 edition are probably some of my favorites so far in the series! If you're a skip beat fan definitely get your hands on this fast! The story is excellent and Nakamura does a

great job at making you laugh even during a tense situation. The shipping was right on time but the back cover had a fold in it across the whole cover which was disappointing since I really try and keep my books in good condition. The fold wasn't so severe that it was permanent so some shelf time will help it flatten out. However, I bought this with several other skip beat 3-in-1 editions and it wasn't the only one with a big fold down the center. That's the only reason why I gave this 4 stars. Otherwise the story and product itself more than deserves 5.0 of 0 people found the following review helpful. One of my favorites

By Hobbyist101 I have been reading this series since 2005. I adore the characters, plot, and comedic/romantic tones that it carries. The three volume combination is such a great money saver for me as I have been waiting to own this series for a loooong time now. The quality of the pages are thinner but that doesn't deter away from the art or contrast quality. Please continue with the series 3-in-1 and Yoshiki Nakamura, continue your wonderful work!

By A. Seferian Love the 3 in ones! They seriously come in handy when u need to catch up on a series this long fast and dont break the bank! Just need to watch the packaging, mine came a little bent on the corner and also watch the spine, the covers they use to wrap these things are flimsier (probably to compensate for the thickness of the book) but other than that i cant complain!

Kyoko Mogami followed her true love Sho to Tokyo to support him while he made it big as an idol. But hes casting her out now that hes famous enough! Kyoko wont suffer in silence shes going to get her sweet revenge by beating Sho in show biz! Rens new roles are dredging up old memories best left buried. Hes having trouble dealing with the emotional turmoil, and Kyokos sudden popularity with her cast mate Kijima isnt helping matters! Can Kyoko keep Rens warring personalities in check, or will his dark persona forget that his violent edge is supposed to be an act?!
