You continue to learn about Ren's past and witness how Ren and Kyoko's relationship changes in the process. These volumes are definitely some of the best in the series too. It is crucial for

Skip Beat fans to read this as it has a lot of important highlights and turning points too. Nakamura somehow manages to pull me in every single time I open up Skip Beat and this time is no different. Big praise for her and am so anxious to know how this series will continue. I highly recommend buying this excellent manga in the form of a 3-in-1 edition for any skip beat fan! The shipping was very quick (way quicker than expect). The book came in close to perfect condition with small wrinkles on the top of the spine. There were wrinkles but they were small so no big deal. Happy that I can always turn to for my Skip Beat fix and at a reasonable price! I can't wait for the next volume! 0 of 0 people found the following review helpful. One of my favorites By Hobbyist1011 I have been reading this series since 2005. I adore the characters, plot, and comedic/romantic tones that it carries. The three volume combination is such a great money saver for me as I have been waiting to own this series for a loooong time now. The quality of the pages are thinner but that doesn't deter away from the art or contrast quality. Please continue with the series 3-in-1 and Yoshiaki Nakamura, continue your wonderful work! 0 of 0 people found the following review helpful.
