I wish they were longer so I could be patient even more but i guess that i still wouldn't be able to. This is one of my favorite manga I am just so in love with it I can't get enough.

A bestselling romantic comedy Kyoko Mogami followed her true love Sho to Tokyo to support him while he made it big as an idol. But he's casting her out now that he's famous! Kyoko won't suffer in silence--she's going to get her sweet revenge by beating Sho in show biz! Ren is fighting to keep himself under control, but living as Cain Heel and simultaneously building the character BJ are really wearing him down. Kyoko is getting really worried, but even President Lory can't do more than encourage her to support Ren. Can Kyoko's own dark side give her the insight to help her friend, or will she be forced to watch as he self-destructs?! Reads R to L (Japanese Style) for teen audiences.
