Jim Zubkavich : Skullkickers Treasure Trove Volume 1 before purchasing it in order to gage whether or not it would be worth my time, and all praised Skullkickers Treasure Trove Volume 1:

0 of 0 people found the following review helpful. Worth Checking OutBy zaguirreI will start by saying that I have never played Dungeons and Dragons or any role player fantasy for that matter. Most people liken this book to one of those games...which I know absolutely nothing about. Having said that I thought that overall this book was fun. It follows two main characters as the make their way through each adventure. The story flows well and you really start to root for the characters as you go. I will say that the second arc was better than the first (although I enjoyed them both)

and the art overall was constantly good. There are a few moments where you might laugh out loud but no matter what the story is easy to follow and the plot does continue to move. Its a quick read but one that you enjoy taking. Not sure if the deluxe edition is the way to go unless you really enjoy the story but hey..the hardcovers are decently priced and sturdy so they might be worth it. I say check it out. ****Collects First 11 Issues of Series**** 0 of 0 people found the following review helpful. Great fun! By SomeGuyFunny, engaging, makes you want to turn the page and see what happens next. Really enjoyed the full series. 0 of 0 people found the following review helpful. One of my Absolute Favorite Comics! Totally worth it! By Cameron Carson Heard about Skullkickers from a friend who was reading the comic online. Preferring Physical Copies myself I hesitantly picked up a copy And was blown away by the amount of entertainment I got from reading this. I would recommend this to anyone who would like to get in to comics but maybe is hesitant of getting into something to involved. This is an excellent series that I hope continues on for a long time to come. It strangely bring back memories of reading Asterix as a kid and has a similar dynamic. Even my wife who never goes for comics picked it up and enjoyed reading it. Thanks a ton! I will totally be giving a few out as gifts!

In Skullkickers, two hard-headed mercenaries kill monsters and cause havoc in their search for money, fame, and adventure! Along the way, they'll gore goblins, smash skeletons, punch plant people, and whomp werewolves!

"Everyone who loves comics should buy Skullkickers." -Ain't It Cool News
