NastosSkullkickers is a great entry point in to comics for fans of stories of characters like Fafhrd the Grey Mouser, or even anime/manga like Slayers. It's very much "light fantasy" without a ton of story, sort of like the comic version of a Michael Bay movie. Lots of action and humor. The book is a great, quick read (I think I took the whole thing down in about 45

minutes). If you're looking for strong plot or an in-depth story, this is not for you. If you're looking for a good, fun, light read and some very cool lead characters, then Skullkickers is perfect for you. Check it out -- I, for one, can't wait for book 2! 0 of 0 people found the following review helpful. Action-Packed Buddy Comedy By Edward A. Witt I have to admit, when I first started reading this, I didn't think it would be for me. It seemed almost like it would be constant action without any character development or humor. I was totally wrong. It's very funny and just a good all around buddy comedy set in this strange world. I'm definitely going to get the next volume. 0 of 0 people found the following review helpful. A fun, fantasy themed, action comic-book. By Glenn great light hearted fantasy stories, with a little bit of gore thrown in for fun. If you're a fantasy fan and enjoy comics i'd check this out.
