**Jim Zub : Skullkickers Volume 4: Eighty Eyes on an Evil Island TP** before purchasing it in order to gage whether or not it would be worth my time, and all praised Skullkickers Volume 4: Eighty Eyes on an Evil Island TP:

0 of 0 people found the following review helpful. The Good StuffBy Richard ED JonesDoes it even matter what I say about the plot of this book? No, not really. Just knowing it's by the usual cast of characters, starring the usual cast of characters means that's good enough. It's another side-splitting romp through a decidedly askew fantasy setting as a problem from Baldy's past rears up and bites Shorty on the butt. Fantastic stuff.0 of 0 people found the following review helpful. Awesome, violentBy SmuckitelliAwesome, violent, funny. I'd rate it PG-13 if it was an animated

movie. R if it was live action. If you think that violence isn't the answer, this probably isn't for you. 1 of 1 people found the following review helpful. Another Win with Skullkickers By Customer This is another quick collection of hack and slash (and blast) favorites the Skull kickers. This is the same pace, plotting, and outright fantastic storytelling and art you'll find in the past three volumes. If you've read the past three and liked them, don't waste your time reading this and just click order already.

The fourth Skullkickers adventure is madcap island mayhem with tropical terror, savage stupidity, beach brawls, and jungle jams alongside surprising revelations about the Skullkickers mythos.
