A quarter are OK, and a quarter are pretty good.What puzzles me is the original Skydoll creators are the ones writing all the stories in here, so I don't understand why the writing is so uneven.Art's usually pretty good, with a different artist for every story.I would skip this though, unless you're an absolute diehard Skydoll fan.1 of 2 people found the following review helpful. got to get the collection to embrace it all

In a dystopian world where personal and sexual freedoms have been perverted, Noa is a mysterious anomaly whose true power is yet to be revealed, even to her...

Truly breathtaking artwork Library Journal "5 out 5!" - ICV2The art is beautiful! - Publishers Weekly "A beautifully drawn and profound story" - Slack Jaw Punks "This is a treasure!" - Comics For Sinners "A superbly engaging exploration of erotica, iconology and idolatry" - Comics "Very original and highly entertaining, whilst the artwork is stunning" - Starburst About the Author Alessandro Barbucci and Barbara Canepa are the Italian team behind the series W.I.T.C.H and Monsters Allergy. After working for Disney, the pair decided they wanted to create a world that explored the socio-political impact of religion, with more adult content, and so the Sky Doll series was born.
