Akihiko is still going back to Eitarou, 100 years ago, to find out more about the curse with his help. And I think he is falling for him but knows there is nothing he can do about this and Eitarou also seem to be drawn to him. Ren and Akihiko are finding out that the house itself is cursed and for Akihiko to have come back has made things even more dangerous for both of them. Ren has made the observation that Akihiko seems to be more fragile and thinks it is because he is traveling between times and want him to stop before he loses him. W hen they

find out what the curse is about and try to leave it won't let them and Akihiko for all his doubts about his relationship with Ren would give up his life to save him from the curse. They are given a dagger that is said to protect them from evil and curses and it seems that this will help eliminate the problem. I enjoyed this very much and couldn't escape that these two may have been the two lovers from the past trying again to come together. Who knows for sure, I just enjoyed the story and I do like the Author. Don't really want to give it all away, but I say try it, and just enjoy the story. 2 of 2 people found the following review helpful. Sequel please! By Km Amazing story and great art. The story, being of the horror type, frightened even me! The BL scenes in this book are not hardcore at all but don't let that turn you away. I'm one who loves the hardcore stuff so I almost didn't buy this manga but I'm so happy I did. I'm hoping for a sequel to this manga! 0 of 0 people found the following review helpful. This is one of the best yaoi stories plot wise that I have ever read. By Polka loves Polka Dancing This is one of the best yaoi stories plot wise that I have ever read. Unfortunately the main couple just didn't really click for me. They seemed mismatched and at one point it's said they were together because they would both die young so why get involved with anyone else? No real romance, but the mystery of their illness is well done and the art is good.

While investigating a curse that brings an early death to his family's direct male descendants, Akihiko experiences a time slip into the Meiji Period. There he meets Eitaro, a student also trying to solve the same mystery. The two men grow close, but the nearer Akihiko gets to the truth, the more his body seems to fade away. Will solving the mystery of the curse mean his future self will cease to exist? And what of his feelings for Eitaro? The curtain closes on this romantic tale of time travel, ancient curses, and mystery! Reads R to L (Japanese Style) for mature audiences.
