LoriaPicking up where Smallville's final season left off, DC's Superman comic set in the CW TV universe after Clark Kent has embraced his destiny as Metropolis' guardian. In this fourth trade paperback volume collecting digital chapters 41-53 featuring stories from DC comic writer and Smallville tv series writer Bryan Miller and artists Daniel

Hdr and Cat Staggs with cover by Pete Woods. The time-traveling superhero Booster Gold and the Legion of Super-heroes return drawing Clark into a 31st century in which Metropolis is nearly at war. There's a Kryptonian lost colony called Argo where Zod's soldiers flourished their own society. There is a threat to the peace between the New Kryptonians and Earthlings... Can Clark, Kara and the others unify to deal with the added threat of the monstrous killing machine Subject Zero a.k.a. "Doomsday." And in the final chapter of trade paperback "Valkyrie" Lois and Lana reunite to fight a maniac with a Kryptonite Heart using a Prometheus skin attempting to assimilate decommissioned war tech. The original digital covers by Cat Staggs are gorgeous (see the back of the trade paperback for them) much stronger than Pete Woods collection cover. Overall the art a stories here are fine, the likenesses of the actors are merged with the spirit of the comics, they have the feel of the CW series while widening the general scope of the series more than tv would permit. ARGO continues to steer season 1 into an interesting direction volume 5 is due out in October 2014. 1 of 1 people found the following review helpful. Good read By Sunrise Kid This is a nice combining of the Smallville television series storyline and the plots that have run in previous incarnations of the Legion of Super-Heroes in several different series of comics. I think that, in a few places, the story was a little forced, but overall it was exciting and held my interest throughout. If you liked Smallville on TV or are a fan of the LSH, you will enjoy this graphic novel. 0 of 0 people found the following review helpful. Great Comic! However, it's not a mere social call: Superman must stop war between Earth and a stunning villain! Collects issues #13-15 and SMALLVILLE SEASON ELEVEN SPECIAL #2.
