Jack Banish, John Jackson Miller : SMITE: The Pantheon War before purchasing it in order to gage whether or not it would be worth my time, and all praised SMITE: The Pantheon War:

0 of 0 people found the following review helpful. Five StarsBy DaniellaI want to see Chronos in the next one!3 of 3 people found the following review helpful. Whose side are you on?By Phillip SchultzFor being a video game tie-in, this book is actually pretty good. There is a nice mix of gods from various cultures. It is focused mainly on Greek/Roman and Norse gods, but there are some Egyptian and Far East gods as well. Many of the characters should

be familiar to readers interested in mythology. There is a plot to kill Zeus and start a war between the various gods. The tension is set when one god attempts to take the followers of another. I would have liked to see this aspect expanded a little more, which a longer book would have allowed. The last portion of the book is the only part that feels directly tied to a game. It is fairly short and can easily be skipped without affecting the rest of the story. I really enjoyed the art. There may be some inconsistencies, but it is eye catching and ties in well to the overall tone. I particularly enjoyed some of the more monstrous looking characters. All in all this is a fun read featuring the ancient gods.

Millions play Hi-Rez Studios' SMITE--a Massive Online Battle Arena game where gods from any different Pantheons fight it out to determine the fate of both the godly realm, and our own world. Revealed here is the never before told tale of how the conflict between the gods began--from the assassination of Zeus in Olympus, to the goddess Hel tricking Thor into leading an army against her own father Loki, to the death of Ares and the plunging of the Pantheons into all-out war! Be a god. Choose a side. Save the world . . . or destroy it! Millions play the game, and this is the first time the backstory has been told!

About the Author Jack Banish is a comic book writer known for Smite. John Jackson Miller is a science-fiction writer and comic book writer known for his work on Star Wars novels and comics, and the Mass Effect, Savage Sword, and Smite series. Miller
