HaurySnotgirl is a quintessential read for any modern fashion or comics lover, or

Internet nerd. It confronts friendship, breakups, online identity versus real identity, what it means to be a human being with struggles, and the whole time Leslie Hung's gorgeous art stands out as unique and beautiful. Lottie and Caroline and their interesting, strangely intertwined fate is fun and fascinating to follow in this first volume of Snotgirl. I love this and I can't wait to read more!0 of 0 people found the following review helpful. I loved O'Malley's work with Scott PilgrimBy Hannah FlowersThis is charming and quirky.
