Amazing artwork, excellent story and character growth. Mind blowing two-page layouts! And it just keeps getting better. This is a must buy.

Ex space Marine Jonah and his co-pilot Alphius rove the Galaxy, just trying to get by. Drawn into one crazy adventure after another, they forge a crew of misfits into a family that must face the darkest parts of the universe together. Space-Mullet is a richly detailed, accessible sci-fi world with heartfelt characters and an unforgettable story.
