David Hine : Spawn Armageddon Collection (Spawn (Image Comics)) before purchasing it in order to gage whether or not it would be worth my time, and all praised Spawn Armageddon Collection (Spawn (Image Comics)):

Spawn, another bad dayBy Kaden MoellerWell, what can I say, the Armageddon collection is certainly a fun read, however, if your familiar with Spawn but never have read it, a few things should be mentioned. It is very different than the rest of much of the Spawn series up until this point. The

book's pacing is really fast and gets faster the more it goes on. This, if I could have any complaint, is a little disheartening once the pace picks up to the point of a speed so fast that it feels rushed. While it ends on an interesting and sufficient note, it feels more like it got there too quick, you almost wish it weren't over yet because it feels a bit too convenient. Don't let me discourage you, it is a good read, just not quite what I'd have preferred in style or pacing, felt more Marvel than Spawn; things wrapped up a little too nicely. 0 of 1 people found the following review helpful.
