Todd McFarlane : Spawn Coloring Book before purchasing it in order to gage whether or not it would be worth my time, and all praised Spawn Coloring Book:

There are a few pages of fluffy throwaway patterns in there that some may like, but they aren't my thing. I like just the uncolored comic art. This book is also a great source for seeing uncolored inks. 0 of 0 people found the following review helpful. Great book. By CookieDoughAvenger Got it for my dad who loves spawn. He really liked it. Great product. 0 of 0 people found the following review helpful. Five Stars By Richard Hours of coloring
