Todd McFarlane : Spawn Compendium 1 before purchasing it in order to gage whether or not it would be worth my time, and all praised Spawn Compendium 1:

9 of 9 people found the following review helpful. New or Veteran Spawn FansBy Rogu3 Knigh7I've just recently started getting into comics. Wasn't really interested years ago due to the fact it felt like you had to travel the four parts of the world for one expensive issue. But that change when the compendiums and omnibuses came out for both books,

Manga and Comics. The Spawn Compendium collects issues 1-50 so it is a great read for both those who are getting into Spawn and for those long time fans who were unable to get the sold out issues. And at these prices its worth picking up.1 of 1 people found the following review helpful. I recommend it to anyone who likes antiheroes.By Johnny GuzmanIt's an amazing read. I've enjoyed Spawn in the past and I wanted to catch up on his comic history. So I bought this collection of his issues 1-50. and so far it's been a good read. Some parts are a bit hard to tell whats going on due to the pages being black and white, but it's not enough to ruin the reading experience.0 of 0 people found the following review helpful. SPAWN begins, and it's great!By Chris HodgsonLoved it Loved it LOVED IT! The first 50 comics of Spawn in one book, what more do I need to say? Only one little let down; the pages were in black and white print, but that's ok because it didn't lesson the expearence of reading the comic at all.

With Spawn, legendary writer and artist Todd McFarlane unleashed his iconic antihero on the world, and launched the most successful independent comic book in history. A government agent, Al Simmons was killed by his own men. Resurrected from the depths of hell, he returns to Earth as the warrior Spawn, guarding the forgotten alleys of New York City. As he seeks answers about his past, Spawn grapples with the dark forces that returned him to Earth, battling enemies and discovering unlikely allies. As he learns to harness his extraordinary new powers, he begins to grasp the full extent of what brought him back - and what he left behind. Spawn: Compendium 1 presents the stories and artwork that helped create the Spawn legacy - for the first time in glorious black and white. Features Todd McFarlane's legendary hyper-detailed art and stories, as well as collaborations with industry giants Greg Capullo (Batman), Alan Moore (Watchmen), Dave Sim, (Cerebus), Marc Silvestri (Uncanny X-Men, Cyberforce), Frank Miller (Sin City), and Grant Morrison (Batman). Collects Spawn issues #1-50.
