editionBy Ecto EmeritusMuch like the others, this binding and collection continues to please. I have everything up to this point and am looking forward to reading straight through to the ending of this hellish hero.

With Spawn, legendary writer and artist Todd McFarlane unleashed his iconic anti-hero on the world and launched the most successful independent comic book in history. *Spawn: Origins* collects classic Spawn stories in an oversized, hardcover format complete with a wraparound, painted cover by renowned artist, Clayton Crain. This collection has it all: Hobo wars! Vampires! The Freak! The Heap! Twitch's life hangs in the balance! Extra features include color and BW cover galleries, and in-progress art.
