Paul Jenkins : Spawn: The Undead before purchasing it in order to gage whether or not it would be worth my time, and all praised Spawn: The Undead:

1 of 1 people found the following review helpful. ripped offBy cory iveythe spawn story is fine and dandy..BUT i was sent a book that had already fallen apart.Won't be happy until i am refunded for this.0 of 1 people found the following review helpful. A new take on Spawn, but doesn't workBy Matt BradfordSpawn: The Undead, is an interesting idea for a Spawn comic. It's an original concept. Every issue it brings a new character that Spawn get's involved with. With

the problem with this is, the characters themselves aren't very interesting, and those that are, their stories suddenly end as you begin understanding them. It doesn't work to bring in these characters when soon after their story is done and it moves on to the next. But this is not my only problem, there simply isn't enough Spawn. Spawn will have a couple moments that are meaningful to some degree, but working with these other characters don't work if they don't stay with them for very long. Although some of the stories were a fun read, there just wasn't enough to keep my interested. The art wasn't too bad, but like the story, doesn't stack up to the other Spawn works. For Spawn fans, it's something new, that I might recommend. But not to purchase. If someone you know has a copy, I would say you should read it. But it is disappointing, but not terrible in defense. 0 of 0 people found the following review helpful. A good TPB. By Bob. Of the 9 compiled issues in this trade paperback, the first few are awful. But the later ones are really gripping. The artwork isn't as good as the original Spawn series. Overall, I'm glad I have this book. I recommend that Spawn fans pick this up. The good thing is that this book compiles ALL the episodes of this mini-series.

This is the Spawn spin-off that diehard Spawn fans have been craving! Spawn: The Undead concentrates on the popular HellSpawn character once known as Al Simmons, champion of balance between Heaven and Hell. This series took a unique "Japanese Horror" style look at the Spawn mythos, focusing on urban horror. Horrifically beautiful stories by Paul Jenkins and Dwayne Turner...a must for any Spawn fan.
