Todd McFarlane, Brian Holguin : Spawn Volume 6 (Spawn Collection) (v. 6) before purchasing it in order to gage whether or not it would be worth my time, and all praised Spawn Volume 6 (Spawn Collection) (v. 6):

1 of 1 people found the following review helpful. The spawning groundBy ChongoWhile critics casual readers may spew all sorts of opinions about the Spawn series, one thing most people will agree on is it's always been a comic that's beautifully illustrated arguably one of the best visual comics out there hands down. But aside from it's wonderful artwork, Spawn's constant unfolding saga has been one of the most ambitious unnerving as well. From the covert op's

melodrama post 80's antihero gloom to the decrepit intricate panels, the series has always pretty much followed it's own individual route without room for conforming. All of these volumes are great Spawn is easily one of the best independent comics out there. 1 of 2 people found the following review helpful. Excellent but Craftsmanship needs improvement. By Jeckelmir Ghoulennire The story thus far in one word EPIC(O_O), the book's quality to be desired, some slight shelf ware but nothing sireous, now this is to much of a manufacture's defect, I just want to know WTF is up with the glue that is used to complete the book's binding, im thinking that it may have gotten tiny bit of moister in the bineding and it froze while in transit and when it thawed it weaked the glue's hold, other than that it still works. The reason for the three stars is, the glue could have been better but it also gives it character, oh well try to fix it i guess. Might I also mention, the same thing happened to a cousin of mine, the glue came undone, but I also heard that this will happen to most copies though. Question: Dose anyone know where I can find a specialist on book binding repair or generalized book repair, and would it cost a lot to have it repaired? 0 of 0 people found the following review helpful. great condition By Edjust what I needed. and the descriptions were on key. the shipping made some dents on the book but over all I finally have the entire saga.

Spawn, the archetypal anti-hero, featuring the pivotal, double-sized 100th issue! These issues contain epic battles with classic foes, Overkill, Malebogia, Jason Wynn, and The Redeemer. Complete your Spawn library with twenty issues worth of pulse pounding sequentials, containing issues #97-116 of the Spawn comic. Classic Todd McFarlane and Greg Capullo are at the top of their game in both art and story!
