Ulysses sees a vision and lets Miguel now about something happening in the future. Miguel heads back to 2099 so the heroes there can have their own mini Civil War. That white costume has to go. It looks like something a BMX rider would wear. 0 of 0 people found the following review helpful. Spider-man

2099 vol 5 review after actual release By Ralph James Davis Jr. Not to spoil anything for you folks.....but your favorite impostors make an appearance in this collection. There are some twists and turns in this volume as well. Overall a fun read. Now we await vol 6.0 of 1 people found the following review helpful. Five Stars By davidgreat!

Miguel is back in 2099 - but it's a world he doesn't recognize. One that is altogether more...sinister. He wakes to find himself held captive by six villains. But how is it that his native timeline is so different from the one he left behind? Can Spidey escape his tormentors, find a way back to the past and fix the future? Or will the Sinister Six reign supreme in 2099? Meanwhile, Roberta Mendez, aka Captain America 2099, returns to her own time in a bid to find her family. But little does she know that the heroes of this era are being hunted. Will this be the end of 2099 as we know it? And what does it all have to do with Civil War II? COLLECTING: SPIDER-MAN 2099 11-16
