I've invested in. This collects some of our favorite web-head's greatest moments from 1980-1990. This book is really a fun read. If you want to learn more about the character, this is a great place to start!

Every Spider-Man story featuring the action-packed art of Erik Larsen - including his fan-favorite collaboration with writer David Michelinie! These two top-notch creators pitted Spidey against heavyweights like Magneto, the Tri-Sentinel and the Punisher - but that was just a warm-up for the main events: The return of the Sinister Six! A deadlier-than-ever Venom! In this seminal run, Spider-Man gains cosmic abilities, loses his spider-powers, battles Styx Stone and the Black Fox, and fights alongside... Sandman and the Avengers? Plus, a latter-day showdown with the Spider-Slayers - and Larsen doubles up as writer to team Spider-Man with Wolverine and deliver the shocking sequel, Revenge of the Sinister Six!
