CouperNote: Despite the change in title, this Spider-Man Guide is effectively the third revision of the DK "Spider-Man: The Ultimate Guide". The first edition was published in 2001, written by Tom DeFalco. Matthew K. Manning updated the text for the 2007 "Spider-Man: The Ultimate Guide (Updated Edition)", and with this 2012 book Matthew receives the headline credit. A significant portion of the content is retained, however there's also a lot of new and updated material. There are new sections covering the events of "Civil War", "The Other", "One More Day", "Brand New Day" and everything else which has happened in the five years since 2007. There's also new sections that describe in detail the plot lines of some classic issues. Plus, there's a handy "Spider-Man Timeline" which helps set things in context. To make space for that extra content, 16 pages have been added. Also, some of the character profiles from the earlier editions have been cut back from full-page entries to quick paragraphs in an "Other Villains"

section. Note also that the book has been entirely re-typeset. Earlier editions featured simple white pages with clean margins. This latest edition is bleed-to-the-edge colour, with much of the text now white font on black pages. Other entries feature black font on color, or black font on white, or often a mixture. The result is perhaps a little less readable than earlier editions. But hey, that's the modern style. Overall, this is a brilliant update. If a young teen in your family has just taken up an interest in Spider-Man comics, then this is perfect way to get them up-to-speed with the latest happenings, and also with the wider history of an iconic character. Top-recommendation. (Content adapted with permission from a review on [...]). 1 of 1 people found the following review helpful. Good Edition and Addition! By desert dweller My son took this book about as soon as I got it out of the wrapper and went through this edition cover to cover. He didn't read everything the first go round - I don't know if anyone could with all that information included - but was enjoying the beautiful art on every page and would read the bits that instantly caught his attention. It is jam packed with details, scoop and background story so he has a lot of reading ahead of him, but will be happy to do it and that's a beautiful thing! it's a wonderful addition to any Spiderman collection. 1 of 1 people found the following review helpful. Excellent Insight By Rafael I bought Spider-Man: Inside the World of Your Friendly Neighborhood Hero for my 6 yr old son. He is mesmerized by it. He is still learning to read but he is fascinated by the artwork. I read him several parts and I have learned more about Spiderman that I knew. Details are excellent. It is definitely a great purchase. I am going to buy the Batman version for myself.

The ultimate web-slinger is back in this exciting and informative ultimate guide. Spider-Man: Inside the World of your Friendly Neighborhood Hero traces Spider-Man's entire career from his high-school beginnings as Peter Parker to his love affair with the enchanting Mary Jane. With foreword by Stan Lee and full details of Spidey's powers granted from the bite of an irradiated spider, as well as significant adventures, battles, loves, allies, and enemies, this all-inclusive book has a strong focus on storylines and conflicts within Spider-Man's world. Come to find out how your friendly neighborhood Spider-Man came to be created in 1962 and how the character has developed over the years. Full of interesting facts and dynamic comic book art, Spider-Man: Inside the World of your Friendly Neighborhood Hero is the tell-all to the famous Amazing Spider-Man. TM 2012 Marvel Subs.
