It's fun to read a Chris Claremont Spidey, he has a good handle on his voice and really makes the world feel cohesive. That's one of the great things about old school Marvel, how everybody really feels linked together. The plots are crazy, action packed romps

that lead into one another so John Byrne gets to really draw a lot of different neat things. Bottom line, if you want to read fun comics about superheroes teaming up, look no further. 0 of 0 people found the following review helpful.
