Brian Michael Bendis : Spider-Man: Miles Morales Vol. 2 before purchasing it in order to gage whether or not it would be worth my time, and all praised Spider-Man: Miles Morales Vol. 2:

0 of 0 people found the following review helpful. Bendis does it again!By HomeboyPlaysTHIS IS BOTH MILES AND CIVIL WAR 2!The great thing about this is how well there is a balance between this and civil war 2. You get more Miles than civil war, while still completely understanding his role as a hero and why his is different than the other spider people. Some of the best comic writing I read this year!Art has to be the best marvel has brought to the table! Can't think of a single panel I wasn't wowed with!1 of 1 people found the following review helpful. Great character development moments for Miles and CastBy HowitzerAlthough, I don't care for Civil war 2. I do like what

Bendis does with Miles in this volume. Bendis spends a good amount of time providing Miles and the rest of the cast some nice character moments. Showing how Civil War 2 and its consequences affect Miles and other members of the book's cast. Less action than the last volume but still had a nice time reading it. So I give it a 4/5. Good character moments but, not enough superhero action. 1 of 1 people found the following review helpful. Going Strong By Yusuf Kuds One of my favourite civil war 2 tie-ins the story was good and the art was good too if you haven't read any of Brian Michael Bendis' spider-man series I think you should give it a try

Miles Morales has only been in the Marvel Universe for a few weeks, and he's already finding himself in the middle of a war. Which side will Miles choose?! COLLECTING: SPIDER-MAN 6-10
