David Michelinie : Spider-Man: The Vengeance of Venom before purchasing it in order to gage whether or not it would be worth my time, and all praised Spider-Man: The Vengeance of Venom:

2 of 2 people found the following review helpful. The Debut of Carnage and Further VENOM stories!By GSDWhile very dated in the comics world, Spider-Man: The Vengeance of Venom, collects all of the original post Tod McFarlane Venom stories. Still written by Venom's creator, David Michelinie, these tales are basically Venom's return after his original appearances, followed by the spawning of the "red" symbiote and the debut of Carnage.Art duties are

handled by Mark Bagley Jr. and Eric Larson. Not essential Spider-Man tales, but very well done, considering it was the 1990's. 0 of 0 people found the following review helpful. They were really going for a good review, and they definitely earned it. By Rudy S. This isn't about the story itself. Wow, I did NOT expect all the effort my shippers used to make sure I received one of the cleanest books I've ever gotten. They were really going for a good review, and they definitely earned it. Not a scratch or chipped corner anywhere, and it looks so great on my shelf. 3 of 3 people found the following review helpful. Classic. By Brian. This, combined with the "Birth of Venom" collection, make for an amazing look into a classic 90's villain. What I especially loved about this volume was the inclusion of the three part first appearance of Carnage, which I had the original issues of, and "Trial of Venom" which I always wanted as a kid, and was finally able to read now. Nostalgia at it's finest.

When the web-slinger donned a sleek black costume of alien origin, he had no idea it would one day become his deadliest foe: Venom! See the misguided Eddie Brock in his earliest adventures as he tries time and again to take down the hated Spider-Man! Featuring the first appearance of Carnage! Plus: the Black Cat, Silver Sable and the Human Torch!
