**Gerry Conway : Spider-Man: Tombstone Vol. 1** before purchasing it in order to gage whether or not it would be worth my time, and all praised Spider-Man: Tombstone Vol. 1:

1 of 1 people found the following review helpful. A Spectacular collectionBy SteveWhile Spider-Man's exploits from Amazing Spiderman have been very well collected over the years, stories from his other series, such as Spectacular Spiderman and Web of Spiderman have largely been ignored by Marvel. So I was thrilled when this trade was announced. Written by Spiderman legend Gerry Conway, and drawn by industry legend, the under rated Sal Buscema,

this volume is a fantastic set of stories from the late 80's. It's true that the second half of the stories largely don't include Tombstone, but the various plot threads kind of demanded the other stories be included. I'm not sure the Inferno stories had to be there though, as they appear with very little explanation and don't continue directly into each other, why bother including them, really? Would have much rather seen this collection extend to 153 or so instead. The downside to a collection like this is there will always be dangling plot threads. You'll want to know what happens next, not just with Tombstone, but with the Lobos and the Arranger and more. Hopefully we see a volume 2 some day. This volume collects Spectacular Spider-Man 137-150 and annual 8.2 of 2 people found the following review helpful. Some solid Spidey stories. By Spidey A year's worth of Spectacular Spider-Man comics from '88-'89 bookended by stories featuring Tombstone. The stories also feature the Punisher, High Evolutionary, Boomerang, Hobgoblin, and the Inferno crossovers. Gerry Conway's is a solid writer and Sal Buscema provides serviceable art, even if everyone looks angry. 1 of 1 people found the following review helpful. I am beyond happy that they've decided (finally) By Craig M. Farnham The first thing I have to say is this: I am beyond happy that they've decided (finally!) to put a collection like this together. I fondly recall these old stories that introduced the Tombstone character. That said, there are a few issues in this collection that really don't feature Tombstone other than for a brief page or two as a side-story. I wish a few more issues that PROMINENTLY had this chilling character were included. BUT that is a small gripe indeed, because overall I really enjoyed time-traveling through the pages of this collection and hope more like this are planned.

Spider-Man's life takes a grave turn! He's about to encounter Tombstone -the highest priced killer in the business -and the whispering hitman will make a big noise in the life of the wall-crawler. Who is Tombstone? Why is Joe Robertson of all people investigating him? What devastating action will Tombstone take to put a stop to that? And how will it all end with Joe on trial?! Whatever the answers, the albino assassin is about to get Spider-Man's attention -and the Punisher's too! Meanwhile, Boomerang makes his comeback, an Evolutionary War breaks out, Inferno rages and the Hobgoblin goes demonic. COLLECTING: SPECTACULAR SPIDER-MAN (1976) 137-150, MATERIAL FROM SPECTACULAR SPIDER-MAN ANNUAL 8
