Peter Milligan : Spider-Man: Venom vs. Carnage before purchasing it in order to gage whether or not it would be worth my time, and all praised Spider-Man: Venom vs. Carnage:

0 of 0 people found the following review helpful. A Decent ReadBy Kindle CustomerVenom vs. Carnage is not one of Peter Milligan's best works, nor Clayton Crane's. The pencil work, especially in the first issue, was kind of sloppy, and there were a few continuity issues that annoyed me (Black Cat has SO met Venom and Carnage by now, she

shouldn't be playing dumb). But it was fun to read, and I liked the new character this storyline introduces. I hope to see more of Patrick Mulligan (clever, Milligan, clever) in the future. Overall, I liked reading this story, but it is far from one of the hundred best comic stories or Spider-Man stories I have ever read. 0 of 0 people found the following review helpful. Great story and characters By DonI was really surprised by this book. Great story and characters. Venom is one of favorites, and this added a new layer to his character. 0 of 0 people found the following review helpful. Decent mini-story if you want more Venom and Carnage in your life By Chris O'Neill It's an interesting origin story of Toxin, if that so interests you, amidst the spider-man world. The art style is certainly different and stylized, but really for the \$3 or \$5 the whole set tends to be, hard to justifiably complain.

What's worse than one mayhem-producing symbiote? Two. What's worse than that? Three. That's right: Venom's offspring, Carnage, is about to have a baby itself - a creature of indescribable power and appetites. Question is, who's gonna bring up baby? Quick - someone call Spider-Man! Guest-starring Black Cat!
